March 14, 2017: Volume XXIV, Issue 36  
MEETING EVERY TUESDAY NOON - QUAD CITY BOTANICAL CENTER

## *Adult Education*

### *English Learners & GED*

Glenda Nicke, Dean of Adult and Continuing Education at Black Hawk College was guest speaker at Rock Island Rotary today. In 2011, Rock Island, recognizing that many refugees and immigrants were settling here, conducted a series of public dialogues, “Changing Faces: Refugees and Immigrants in Rock Island.” Glenda participated in this project from the very start. As a result of these meetings, Quad City Alliance for Immigrants and Refugees (QCAIR) was formed. QCAIR is a clearinghouse for vital services for these residents. QCAIR has formed Action

Teams, and Glenda heads the Education/ESL team. Glenda was named the Rock Island 2012 Citizen of the Year in the education category. In 2016 she received the Illinois Workforce Partnership Individual Leadership Certificate of Recognition. Nicke joined the Workforce Development Board of Rock Island, Henry, and Mercer Counties in October 2001. The board oversees Partners in Job Training and Placement, the organization that nominated her for the recognition. As the college’s dean of adult and continuing education, Nicke oversees adult education programming at the college’s facilities in Aledo, East Moline, Kewanee and Rock Island as well as the college’s Business Training Center and the Professional and Continuing Education Department. Nicke initially coordinated the Optional Education program, working with youth who had dropped out of traditional high schools. Over time her role in the workforce system widened to include adults and dislocated workers who were returning to school with lower basics skills.

Ms. Nicke is a graduate of Augustana College and earned her graduate degrees from the University of Illinois. Her interest in adult education came from seeing the impact it had on a “favorite” cousin who attended Eastern Iowa Community College. Her first job in education was at Black Hawk College. She noted that early on Adult Education was primarily funded through grants. Black Hawk was one of the most successful and prolific in grant writing and grew to be one of the three largest adult education programs in the state. Subsequent cuts in funding have reduced the program in size, but they still serve over 1,400 students each year. Since 1973 Black Hawk’s adult education program has awarded 9,513 GEDs and 1,663 high school diplomas. Nicke mentioned that initiatives of the City of Rock Island led to the New Adult Learning Center which she called a beautiful facility and a success. The Learning Center offers four distinct programs: the GED program; Adult Basic Education; High School Credit Programs; and English as a 2<sup>nd</sup> Language program. Next fall a new program in Health Care will be offered. Ms. Nicke stressed that Adult Education impacts lives. Today the program’s focus is on employment and job preparation. She shared several “success” stories and concluded saying, “this is why I do what I do”. Thank you Glenda for an interesting and informative program.

## FOUNDATION MINUTE

The statistics are sobering: Intimate partner violence is the most common type of violence against women, affecting 30% of women worldwide, according to a 2013 World Health Organization report. As many as 38% of women murdered are committed by an intimate partner.

Recognizing the desperate need for domestic-violence services in their communities, Rotary clubs throughout Australia and New Zealand are fundraising and partnering with various charities to raise awareness and work on prevention and victim support:

The Rotary Club of Maryborough, Victoria, Australia is changing attitudes about domestic violence and generating positive community response with its multifaceted approach. It began as a social media campaign and now includes community educational programs, and publicity events that have reached millions. They developed a program called SAFE - Support, Advice, Facilitation and Early Intervention which is a collaborative approach that gives everyone in their communities a role in addressing family violence.

The Rotary Club of Brighton, Victoria, Australia, launched Violence Free Families in 1995 after a local child's violent death. The club raised more than \$750,000 for the program, which was endorsed by their district and supported by all 70 district clubs and Women in Rotary.

The Path of Hope Foundation, a joint venture between the Salvation Army and the Rotary Club of Perth, Western Australia, provides safe accommodations for those fleeing family violence. It also offers guidance and resources to help families overcome trauma and rebuild their lives.

Contributions to the Rotary Foundation makes the happen. Thank you.

**50 Things Every Rotarian Should Know About Rotary**

Taken from an article by Steve Garret, District Governor 1994-1995

**32 - RECREATIONAL AND VOCATIONAL FELLOWSHIPS**

From stamp collecting to wine appreciation, the hobbies of Rotarians are as diverse as the membership itself. Yet, among the more than one million Rotarians worldwide, an amateur-radio enthusiast or a chess player is bound to find others who share the same passions. But Recreational Fellowship members share more than just their common interest in sport diving or Esperanto; they share an interest in fellowship and service and in promoting world understanding. As such, it's no wonder that the International Skiing Fellowship of Rotarians donates the profits from ski events to The Rotary Foundation or that the Flying Rotarians help ferry medical personnel and supplies.

One has only to look at the types of Vocational Fellowships to recognize how they differ from their recreational counterparts. With Rotarians united by their shared professional interest in such fields as Hospital Administration and Finance/Banking, it's obvious that Vocational Service is as important a concern as international fellowship to the members of these groups. Members exchange technical information and seek opportunities to employ their expertise in service not just to their own communities and countries, but to their professions as well. For example, the Ophthalmology International Vocational Fellowship organized a professional seminar on the subject of eye surgery in developing countries.

*We'll follow up with more of the 50 Things Every Rotarian Should Know About Rotary in future issues*

# A LITTLE OFF KEY

## A LOT OF FUN!

On Thursday, March 9th Rock Island Rotary and the Rotary After Hours clubs co-sponsored a fun filled fundraiser at Davenport's River Music Experience. Rotarians from many other area clubs along with non-Rotarian friends were treated to great music and laughs galore! The consensus of opinion was that the two pianists/singers/jokesters, one from Las Vegas and the other from Omaha, providing the show far exceeded the bar set by their predecessors! It was unfortunate that more of our members were unable to attend! Judge for yourself, whether it looks like those in attendance had a ball!!

President Steve, always a great sport, shows off his best Elvis Moves!

Sue Cassatt joins the fun!

Fun Lovers Surround the Pianos

More fun than Tax Returns, right Tom?

Kathy, Ruth, and Steve Sing Along

Tremendously Talented Entertainers!!

Tom, Larry, Steve, Frank and Fred Applaud!

So, what do you think? Fun? And supporting Rotary's Great Work! Don't Miss It Next Year!!
